

The 12th MCI group Project client meeting will be 3pm on Thursday on 5th June 2025

Agenda

Chair: Zihan Luo

Secretary: Jianing Dang

1 Apologies None.

2 Presentation

Show the final presentation slide to get some advice.

2.1 Functional requirements and Presentations in Last Meeting

In last meeting we show our program's MVP and three model's comparisons result.

2.2 Problems and solutions

After we presented the interface, the supervisor gave us some suggestions. Currently, we are displaying all the questions on pages. Users need to click to answer the questions one by one before they can get recommendations. The user experience is not good. It is suggested that we make it more user-friendly, allowing users to either directly look for an intermediary without answering the questions or only answer the questions they want to answer Obtain a recommended agency.

3 Requirements Elicitation

In this meeting, we will present the slides of the final presentation as well as the modified page prototype diagramsto the supervisor and try to get some suggestions. And then talk about the final report with the supervisor.

4 Other Issues

- Whether the content of the presentation slide is comprehensive .
- Suggestions regarding the final report and the key parts .

**Note: Next meeting will be held on in week 13, in meeting room 5.55,
Ingkarni Wardli, at 11:30 pm on 12th June 2025 for final presentation.**
