

## MCI Project Weekly Time Sheet

Team	HA1	Student ID	Manhong Chen a1904387		Week starting:			2-Jun
Day	Date	Time In	Time Out	Total hours	Task	How does it fit into project plan?	Outcome/Next action	
Monday	6/2	3:00 PM	8:00 PM	5.0	according to the supervisor's requirement, design a more professional prototype for the website with more functions	update more functions for the website and avoid duplicate development	Final version prototype for the website	
Tuesday	6/3	1:00 PM	6:00 PM	5.0	write the final presentation slides	prepare for the final presentation	part of final presentation slides	
Wednesday	6/4	1:00 AM	6:00 PM	5.0	Integrate the content of each team member's PowerPoint presentation and beautify the design.	prepare for the final presentation	complete final presentation slides	
Thursday	6/5	3:00 PM	5:00 PM	2.0	project meeting for final presentation and how to write a research paper	get guidance of final presentation and final report	final report structure	
Friday	6/6	1:00 PM	4:00 PM	3.0	develop the page "contact us" of the website	optimize the website functions	complete the development of page "contact us"	
Saturday	6/7	8:00 PM	11:00 PM	3.0	Write a script for final presentation and practice it.	practice for final presentation	finish a script	
Sunday	6/8	1:00 PM	4:00 PM	3.0	write a document for question and answer for the final presentation as rehearsal	prepare for the final presentation	complete the document of Q&A	
			Total	26.0				

MCI Project Weekly Time Sheet

Team	HA1	Student ID	Zihan Luo a1916700			Week starting:			2-Jun
Day	Date	Time In	Time Out	Total hours	Task	How does it fit into project plan?	Outcome/Next action		
Monday	6/2	10:00 AM	4:00 PM	6.0	Organize the process of data generation and assist team members in completing the data generation part	For Final presentation slide	Completed successfully		
Tuesday	6/3	3:00 PM	9:30 PM	6.5	1. Organize the process of two tower model training and assist team members in completing the model compare part 2. Week 12 agenda	1. For Final presentation slide 2. Projectment	Completed successfully		
Wednesday	6/4	3:00 PM	9:00 PM	6.0	Do system architecture chart, user flow chart and UML chart for presentation slide	For Final presentation slide	Completed successfully		
Thursday	6/5	9:00 AM	12:00 PM	3.0	Organize the demonstration process, confirm the business scenario and the demonstration sequence	For Final presentation	Completed successfully and It was confirmed with the supervisor at the weekly meeting and there is no problem		
Friday	6/6	5:00 PM	11:30 PM	6.5	Replacement of the back-end framework from spring boot to Django	Code refactoring	Completed successfully and start to support backstage management demonstration		
Total				28.0					

# MCI Project Weekly Time Sheet

Team	HA1	Student ID	Ziyan Zhao a1883303			Week starting:			2-Jun
Day	Date	Time In	Time Out	Total hours	Task	How does it fit into project plan?	Outcome/Next action		
Monday	6/2	1:00 PM	5:00 PM	4.0	Create slides for the final presentation (drawing graphs of model training results, etc.)	Final presentation of the entire project	Slides for the final presentation		
Tuesday	6/3	1:00 PM	6:00 PM	5.0	Create slides for the final presentation (drawing system architecture, etc.)	Final presentation of the entire project	Slides for the final presentation		
Wednesday	6/4	12:00 PM	6:00 PM	6.0	Write a draft of the final presentation based on the content of the slides	Final presentation of the entire project	Speech draft for the final presentation		
Thursday	6/5	2:00 PM	6:00 PM	4.0	1. Attend group meetings 2. Discuss the slide modification plan and front-end page work assignment after the meeting	Ensure the slides that present meet the standards	Next: Edit the project front-end page		
Friday	6/6	2:00 PM	7:00 PM	5.0	1. Improve the unreasonableness of the slides 2. Add a new 'view agents' front-end	A function page in the project	'view agents' front-end page		
Saturday	6/7	2:00 PM	6:00 PM	4.0	Modify the newly added front-end page	A function page in the project	'view agents' front-end page		
Sunday	6/8								
Total				28.0

# MCI Project Weekly Time Sheet

Team	HA1	Student ID	Jianing Dang al882117		Week starting:			2-Jun
Day	Date	Time In	Time Out	Total hours	Task	How does it fit into project plan?	Outcome/Next action	
Monday	6/2	11:00 AM	4:00 PM	5.0	Collect information, create slides for the final presentation, and complete the first draft of the speech.	Collecting information and creating final presentation slides is core work in the project summary phase. Completing the first draft of the speech ensures effective presentation of project results.	Successfully collected key information and data throughout the project, completed a final presentation slides .Next step is to adjust detailed speech expressions according to slide content.	
Tuesday	6/3	11:00 AM	4:00 PM	5.0	Finish making the slides and adjust the speech according to the changes in the slides.	Refining presentation slides and adjusting speech content are important steps to ensure effective communication of project results.	Completed the final version of presentation slides, optimized visual design and content layout to ensure clear logic. Synchronized speech adjustments with slide modifications.	
Wednesday	6/4	11:00 AM	4:00 PM	5.0	Start memorizing the speech and at the same time start to modify the front-end interface.	Memorizing speech content and continuing front-end development reflects multi-task parallel processing in the project closing phase, ensuring presentation preparation and technical refinement proceed simultaneously.		
Thursday	6/5	11:00 AM	4:00 PM	5.0	Participate in group meetings, modify slides based on supervisor's suggestions, and complete meeting minutes.	Participating in group meetings and modifying slides based on supervisor suggestions are important aspects of project quality control. Completing meeting minutes ensures complete documentation of project processes.		
Friday	6/6	11:00 AM	4:00 PM	5.0	Continue to modify the front-end interface and learn how to use latex to edit papers.	Continuing front-end interface refinement and learning LaTeX editing skills are important tasks in the project closing phase, preparing for final project delivery and academic report writing.	Continued optimizing the front-end interface, completed final style adjustments and functionality testing, with the interface now meeting presentation standards. Learned basic LaTeX syntax and academic paper template usage.	
Saturday	6/7							
Sunday	6/8
