

The seventh MCI group Project client meeting will be held in Meeting Room 5.55, Ingkarni Wardli, at 3 pm on Thursday 1st May 2025.

## **Agenda**

**Chair:** Jianing Dang

**Secretary:** Zihan Luo

### **1 Apologies**

None.

### **2 Presentation**

The discussion is about show the progress of the front-end and back-end framework, data regeneration, and models implementation to get some instruction and suggestions.

#### **2.1 Functional requirements and Presentations in Last Meeting**

We confirmed the submission of the Business Case Report and review the previously generated data with the supervisor. During this review, we identified that our data generation needed to be redirected from agent-oriented to user-oriented approach. The supervisor helped clarify the meaning, value range, and requirements for each data field to ensure proper alignment with project objectives. We also discussed the implementation status of our three selected models and confirmed they were ready to run.

## **2.2 Problems and solutions**

We will address challenges encountered during data regeneration and model training with the new dataset. The discussion will include preliminary model results and proposed solutions to improve performance based on our initial findings.

## **3 Requirements Elicitation**

In this meeting, we will review the quality of the regenerated data and present initial training results from our three models.

## **4 Other Issues**

Questions for data format

**Note:** The next meeting will be held on week 8, in Meeting Room 5.55, Ingkarni Wardli, at 3 pm on Thursday 8th May 2025.
